### Highlights from Hebrew Scriptures

Over 3,000 years old, Judaism is the parent religion of both Christianity and Islam. *In the early stories from the Hebrew Scriptures, we find not only God's commitment renewed again and again but also Israel's response. We find people who celebrate their love for God jubilantly, with incense and cymbals, dancing and with feasting, ritual and symbol. Acquainting children with the Hebrew Scriptures will provide a foundation for understanding the life and teachings of Jesus, a Jew.*

Through a program of Bible stories, crafts, games and other activities, we hope to help children grow in loving relationship with God and with others, recognizing that all people are children of God.
